

Step by Step Guide to edit your Build It Live online profile

The primary content of your company's online profile page will be used for the printed show catalogue. Therefore it is important that you update it and are sure you are happy with its content. Please double check the address details and the way the company name is presented. If you have any questions, please contact jen.grimble@castlemedia.co.uk.

1) Log in at <http://builditlive.co.uk/login> and enter your username and password

Your username is the part of your email address that appears between the @ and the .com/.co.uk. For example for us it is 'castlemedia' from jengrimble@castlemedia.co.uk.

Your password will have been emailed to you, but if you can't find the email please contact Jen (details above).

- **Whether you have exhibited before or not, you will have a new password for the Online Directory. We have got a new website and the system required us to re-set all passwords.**

We will email these details to your primary marketing contact in early December. Please change your password the first time that you log in, so it is something memorable to you. You can do this easily via the 'Edit account' page shown here:

The screenshot shows the Build It Live website interface. At the top, there are event dates: 6-7 FEBRUARY 2016 (BLUEWATER, KENT), 20-21 FEBRUARY 2016 (EVENT CITY, MANCHESTER), and 11-12 JUNE 2016 (BICESTER, OXFORDSHIRE).
